Admission Policy

Master's Degree Program

The Graduate School of Science and Engineering (Master's Degree Program) widely accepts through a variety of entrance examinations those who have the following knowledge and skills, abilities of thinking, judgement, and expression, and proactive attitudes as the graduate school students according to the Diploma Policy and Curriculum Policy of the Graduate School:

1. To have the expertise of their specialized fields on the foundation of the basic academic abilities of science and engineering in the undergraduate courses.
2. To be able to think autonomously from a global perspective, to smoothly communicate with others, and to contribute to society with their capabilities of "Think and Act" on the foundation of their learning results at the undergraduate courses.
3. To have strong willingness to study proactively their specialized academic fields.

Ph.D. Degree Program

The Graduate School of Science and Engineering (Ph.D. Degree Program) widely accepts through a variety of entrance examinations those who have the following knowledge and skills, abilities of thinking, judgement, and expression, and proactive attitudes as the graduate school students according to the Diploma Policy and the Curriculum Policy of the Graduate School:

1. To have the expertise of their specialized fields during their undergraduate courses and master's degree programs.
2. To be able to think autonomously from a global perspective, to smoothly communicate with others, and to contribute to society with their capabilities of "Think and Act" based on results of learning during their undergraduate courses and master's degree programs.
3. To have strong willingness to study proactively their specialized academic fields.

Application Requirements

Graduate School of Science and Engineering (Master's Degree Program)

Graduate School, Major, Course and Enrollment Capacity

Graduate School	Major	Enrollment Capacity
Graduate School of Science and Engineering	Engineering Science Major	142
	Environmental and Urban Engineering Major	86
	Chemistry, Materials and Bioengineering Major	108

Note 1: The Graduate School of Science and Engineering has not established separate enrollment capacity for each type of entrance examination.

Note 2: For Fall Semester Enrollment of Master's Degree Program (July Examination), applicants cannot apply for the Mathematics Discipline of Engineering Science Major, Architecture Discipline and Civil, Environmental and Applied Systems Engineering Discipline of Environmental and Urban Engineering Major.

Master's Degree Program : International Students Entrance Examination
(Spring Enrollment: October Examination and February Examination/Fall Enrollment:July Examination)

1. Qualification

Applicants shall satisfy one of the following (1) ~ (5) conditions:
(including applicants who are expected to satisfy one of the following (1) ~ (4) conditions before enrolling at the Graduate School)

(1) Applicants who have completed a regular 16-year program of school education outside Japan (Note 1).
(2) Applicants who have graduated from Japanese universities as international students.
(3) Persons who have completed a 3-year program or a program of more than 3 years and have been awarded a degree by an overseas university or school (Note 2) which is recognized as being equivalent to a bachelor's degree.
(the 2016 ordinance of the Ministry of Education, Culture, Sports, Science and Technology, No. 19)
(4) Applicants who have completed Specialized Courses at Japanese special training schools after the designated date by the minister of MEXT† as international students. The training schools must satisfy the conditions designated by MEXT including that the length of term required for graduation be at least four years.
† MEXT; Japanese Ministry of Education, Culture, Sports, Science and Technology
(5) Applicants who are recognized as having scholastic abilities equivalent or superior to the graduates of university through Pre-qualification Individual Screening for Entrance Examination of the Graduate School. (This requirement shall not apply to the foreigners who are recognized as having received Japanese regular school education program.)

Note 1: Those enrolled in the following schools are considered to be the same as application qualification (1), as long as the period is less than four years in total.
- Elementary school, junior high school, high school etc. based on Japanese school education law
- Foreign school in Japan
- Overseas educational facilities accredited or designated by the Minister of Education, Culture, Sports, Science and Technology

Note 2: The university or the school shall be evaluated by an organization approved by a relevant official institution in the country for their education and research activities or recognized as so by the Minister of Education, Culture, Sports, Science and Technology.

【IMPORTANT】 Notes regarding Pre-qualification Individual Screening for Entrance Examination

1. Subjects:
Applicants under qualification (5)
2. Application Procedures and Deadline:
Refer to "Pre-qualification Individual Screening" (in the separate file "Common Items of all Graduate Schools"p.3).
Applicants under condition (5) should pass the academic qualification test before applying, which will be composed of the document screening and oral examination.
(Note 1) Graduates (or those expected to graduate) from less than 16-year program of school education can also apply. In this case, please contact the Graduate School Admissions Division by the submission deadline of the documents for the screening as soon as possible.
(Note 2) Applicants who have received (or are expected to receive) the degrees in their home countries equivalent to those of Japanese universities can also apply. In this case, please inquire to the Graduate School Admissions Division as soon as possible.

【Important】Before submitting your application, contact the faculty member of the research field you are interested in, referring to the information in "Graduate School Information (digital pamphlet)"or the Graduate School of Science and Engineering website. Fill in the date you contacted the faculty member and name of the faculty member in the appropriate space on the Statement of Reason for Applying. (Excluding students currently in the Faculty of Engineering Science, Faculty of Environmental and Urban Engineering and Faculty of Chemistry, Materials and Bioengineering.) Your advisor may not be the one whom you have hoped.

2. Application Documents

After you have paid the application fee of ￥35,000, submit the documents listed below.
Review Cautionary Note published at the end of the Application Guidelines (Japanese Version), and carefully check your application documents before submitting them.
Please submit the "Application Document List (Checklist)" as well as the application documents.

Document to be Submitted【Document Number】	Remarks
Documents to be submitted by all applicants	
Application Form (for university submission) 【①】	Print out and submit after finalizing your online Application. (Color Printing Recommended)
Statement of Reason for Applying in Japanese or English【②】	Use the form designated by the University. ★Must be hand-written by the applicant.
Original transcript from previous universities and/ or other institutions【③】	Submit original transcripts. If you cannot submit original transcripts, please submit transcripts that have been notarized by an embassy or other public institutions. ◦ If you are currently enrolled, you should submit the latest transcript (original) when applying. ◦ If you have transferred from other universities to your current university, you also should submit transcripts (original) from the previous universities and / or other institutions as well. ◦ If you studied abroad during your enrollment period and credits have been approved, but the credits are not listed on the academic transcript of the university you are enrolled in, or the credits have not been approved after studying abroad, you also should submit the academic transcript (original) from the university where you studied abroad as well. ◦ If you participated in a DD (Dual Degree/Double Degree) program during your enrollment period, but the credits have been approved are not listed on your academic transcript of the university you are enrolled in, or if credits are recognized in a lump sum, you also should submit the transcript (original) from the university where you participated in the program as well. Note 1 : If the certificate has multiple pages, the seal of the university or the signature of the person in charge of issuing the certificate is required on all pages. Note 2 : If you did not take any courses during your enrollment period, or if there is a blank period on your transcript due to studying abroad, please prepare a statement of reasons for that period (free format) and submit it together (School seal is not required).
Original certificate of (expected) graduation from previous universities and/or other institutions【④】	Both of the entrance and (expected) graduation dates must be listed. If the above information is listed on the Application Document ③, this certificate does not need to be submitted. Submit an original certificate of (expected) graduation. If you cannot submit an original certificate, please submit a certificate of (expected) graduation that has been notarized by an embassy or other public institutions. Note) Applicants with Qualification (3) are required to submit a bachelor's degree certificate in addition to the graduation certificate.

3. Screening Method

The Graduate School will determine whether or not to admit applicants based on a comprehensive evaluation of document screening, written examination and oral examination.

4. The Pass/Fail Criteria

【Applicants other than Electrical, Electronic and Information Engineering Discipline at Engineering Science Major】
Pass/Fail is determined by the higher total score on the written and oral examinations.
If either the written or oral examination score does not meet the criteria, the applicant may fail in spite of the total score.

【Applicants in the Electrical, Electronic and Information Engineering Information Engineering at the Engineering Major】
Pass/Fail is determined by the higher score on the oral examination.

In order to examine and screen the necessary erudition to study in the Graduate School of Science and Engineering, the number of successful applicants may not reach the enrollment capacity.

5. Examination Components

Written Examination		Oral Examination
Specialized Subject	Foreign Language (English)	
10:00 ～ 12:00 (120 minutes)	13:30 ～ 15:00 (90 minutes)	Held after the written examination

Note: More information about the oral examination will be provided on the day of the written examination.

6. Examination Subjects by Major and Discipline and Allotment

For Fall Semester Enrollment (July Examination), applicants cannot apply for the Mathematics Discipline of Engineering Science Major, Architecture Discipline and Civil, Environmental and Applied Systems Engineering Discipline of Environmental and Urban Engineering Major.

Major	Discipline	Examination Subject		Points
Engineering Science	Mathematics	Specialized Subject	【Required】 Calculus, Linear Algebra 【Select 2 subjects from the following subjects】 Sets and General Topology, Advanced Calculus, Differential Equations, Groups and Rings	250
		Foreign Language	English	50
		Oral Examination		100
	Pure and Applied Physics	Specialized Subject	【Required】 Each 1 question in Mechanics, Electromagnetics, Mathematics (Calculus, Linear Algebra) 【Elective】 Select 1 question from Quantum Mechanics, Wave Motion, Solid-state Physics or Fluid Dynamics ※Select the examination subject when applying	200

Graduate School, Major and Enrollment Capacity

Graduate School	Major	Enrollment Capacity
Graduate School of Science and Engineering	Integrated Science and Engineering Major	47

Note: The Graduate School of Science and Engineering has not established separate enrollment capacity for each type of entrance examination.

Ph.D. Degree Program : International Students Entrance Examination (Spring Enrollment: October Examination and February Examination/ Fall Enrollment: July Examination)

1. Qualification

Applicants shall satisfy one of the following (1) ~ (5) conditions:
(including applicants who are expected to satisfy one of the following (1) ~ (3) conditions before enrolling at the Graduate School)

(1) Applicants who have received a master's or professional degree at the graduate schools outside Japan.
(2) Applicants who have received a master's or professional degree from Japanese graduate schools as international students.
(3) Applicants who have completed programs and received degrees equivalent to a master's degree from the United Nations University*.
    * United Nations University; established by the resolution of the General Assembly of the United Nations on December 11, 1972, as stipulated in Article 1 Paragraph 2 of the Act on Special Measures incidental to Enforcement of the Agreement between the United Nations and Japan regarding the Headquarters of the United Nations University.
(4) Applicants designated by the minister of MEXT†. (Bulletin No. 118 of 1989)
    † MEXT; Japanese Ministry of Education, Culture, Sports, Science and Technology
(5) Applicants who are recognized as having degrees equivalent or superior or a master's degree by our graduate school and have reached the age of 24 (before enrolling at Graduate School). This requirement shall not apply to the foreigners who are recognized as having received Japanese regular school education program.

【IMPORTANT】 Notes regarding Pre-qualification Individual Screening for Entrance Examination

1. Subjects:
   Applicants under qualification (4) or (5)
2. Application Procedures and Deadline:
   Refer to "Pre-qualification Individual Screening" (in the separate file "Common Items of all Graduate Schools" p.3).

【Important】Before submitting your application, contact the faculty member of the research field you are interested in, referring to the information in "Graduate School Information (digital pamphlet)" or the Graduate School of Science and Engineering website. Fill in the date you contacted the faculty member and name of the faculty member in the appropriate space on the Statement of Reason for Applying. (Excluding students currently in the Graduate School of Science and Engineering at Kansai University.)

2. Application Documents

After you have paid the application fee of ￥35,000, submit the documents listed below.
Review Cautionary Note published at the end of the Application Guidelines (Japanese Version), and carefully check your application documents before submitting them.
Please submit the "Application Document List (Checklist)" as well as the application documents.

Document to be Submitted【Document Number】	Remarks
Documents to be submitted by all applicants	
Application Form (for university submission) 【①】	Print out and submit after finalizing your online Application. (Color Printing Recommended)
Statement of Reason for Applying in Japanese or English 【②】	Use the form designated by the University. ★Must be hand-written by the applicant.
Original transcript from previous graduate school 【③】	Submit original transcripts. If you cannot submit original transcripts, please submit transcripts that have been notarized by an embassy or other public institutions. ◦ If you are currently enrolled, you should submit the latest transcript (original) when applying. ◦ If you studied abroad during your enrollment period and credits have been approved, but the credits are not listed on the academic transcript of the graduate school you are enrolled in, or the credits have not been approved after studying abroad, you also should submit the academic transcript (original) from the graduate school where you studied abroad as well. ◦ If you participated in a DD (Dual Degree/Double Degree) program during your enrollment period, but the credits have been approved are not listed on your academic transcript of the graduate school you are enrolled in, or if credits are recognized in a lump sum, you also should submit the transcript (original) from the graduate school where you participated in the program as well. Note 1：If the certificate has multiple pages, the seal of the university or the signature of the person in charge of issuing the certificate is required on all pages. Note 2：If you did not take any courses during your enrollment period, or if there is a blank period on your transcript due to studying abroad, please prepare a statement of reasons for that period (free format) and submit it together (School seal is not required).
Original certificate of (expected) completion from previous graduate school, or a notarized document certifying (expected) completion 【④】	Both of the entrance and (expected) completion dates must be listed. If the above information is listed on the Application Document ③, this certificate does not need to be submitted. Submit an original certificate of (expected) completion. If you cannot submit an original certificate, please submit a certificate of (expected) completion that has been notarized by an embassy or other public institutions.

Document to be Submitted【Document Number】	Remarks
Research Plan in Japanese or English 【⑤】	About 2,000 words in length. Submit 1 original and 3 copies. Draft an overview of your proposed research plan on a computer using A4-size paper (horizontal text with 40 words per row and 40 rows per page).
Copy of Residence Card or Passport 【⑮】	【Residents in Japan】 A copy of both sides of the residence card. 【Residents outside Japan】 A copy of the passport page showing the applicant's name, date of birth, photograph, and expiration date. Applicants without a passport must submit a copy of an ID issued by their home country.
One Photograph	Affix a photograph taken within the last 3 months to the Statement of Reason for Applying. Your photograph should not be retouched or edited.
Applicants in the following disciplines only: Mechanical Engineering Discipline at Engineering Science Major, Life Science and Biotechnology Discipline at Chemistry and Materials Engineering Major.	
TOEIC or TOEFL Score Certificate 【⑭】 *Score reports are valid only if they were issued within two years prior to the application start date for each test date.	●TOEIC L&R **【Examinee in Japan】** Downloaded and printed PDF file of "Digital Official Score Certificate" of TOEIC® L&R Test in A4 size **※Please follow the "Procedures for Score Confirmation Service" on page 26 and submit the score from the TOEIC application site.** **【Examinee outside Japan】** The original of the TOEIC® L&R Official Score Certificate Note: We do not accept the certificates of group tests such as TOEIC® L&R Test(IP).
	●TOEFL iBT® After arranging for your scores to be sent directly from your ETS account to **Kansai University Graduate Schools (Designated Institution (DI) Code: G128)**, please be sure to submit both of the following: ① and ②. ① A printout on A4 paper of the "Test Taker Score Report (PDF file)" downloaded from your ETS account. ② A printout on A4 paper of the screen confirming that the direct score transfer request has been completed. *The document must clearly show that **G128 (Kansai University Graduate Schools)** has been selected as the recipient and include the 16-digit Appointment Number (formerly known as the Registration Number). (Note 1) Scores from group special testing programs such as the TOEFL ITP® test, or from the TOEFL iBT® Home Edition, will not be accepted. (Note 2) My Best™ scores from the TOEFL iBT® test will not be considered for selection.
Applicants who are eligible under qualification (1) to (3) above and have already submitted a master's thesis	
Outline of master's thesis in Japanese or English 【⑥】	About 2,000 words in length. Submit 1 original and 3 copies. Draft on a computer using A4-size paper (horizontal text with 40 words per row and 40 rows per page).
Copy of master's thesis in Japanese or English 【⑦】	4 copies

Applicants who are eligible under qualification (1) to (3) above and expect to submit a master's thesis	
Research results【⑨】	4 reprints or copies each of academic articles, conference presentations, research reports and any other research papers.

3. Screening Method

The Graduate School will determine whether or not to admit applicants based on a comprehensive evaluation of document screening and oral examination.

4. The Pass/Fail Criteria

Pass/Fail is determined by the higher score on the oral examination.

In order to examine and screen the necessary erudition to study in the Graduate School of Science and Engineering, the number of successful applicants may not reach the enrollment capacity.

5. Examination Components

Written Examination	Oral Examination
None	You will be notified of the start time for your oral examination on your entrance examination admission slip.

Note: Oral Examination will be based on the submitted Research Plan, Research results, master's thesis and its outline.

Note: The research advisors may change as needed.
If it changes, we will notify applicants via posting a notice (Japanese Version) on our website, please check our website before applying.

Procedure of TOEIC Score Confirmation Service

【STEP 1】 Log into the TOEIC Application Site

Enter your Login ID and password to log into the TOEIC Application Site.
TOEIC Application Site: https://ms.toeic.or.jp/Usr/Pages/Entry/Login.aspx

【STEP 2】 TOEIC Application Site

Click the [大学・企業等へのスコア提出 (Click here to submit your score to universities, companies, ets)] on the bottom right of [テスト結果 (Test Results)] on the top page of the TOEIC Aplliccation Site.

【STEP 3】 Select where to submit scores and which tests you are eligible for

Enter the application code (**Graduate School Admissions Division of Kansai University: 00015802**) in the [提出先団体選択 (Select where to submit scores)], and click the [検索 (Search)] button. Select the test you wish to submit scores from in the [テスト種別選択 (Select which tests you are eligible for)], and click the [次へ (Next)] button.

【STEP 4】 Select the score you wish to submit

Select the score you wish to submit from the TOEIC Listening & Reading scores in Secure Program and click the [次へ (Next)] button.

【STEP 5】 Review the submission details, check the precautions and complete the submission

Please confirm the following:

- Application code
- Name of the organization to which the application is to be submitted
- Score to be submitted
- Precautions

Check the checkbox for agreement to precautions, and click the [提出する (Submit)] button.
You can check the submission history from the [スコア提出一覧 (Score Submission List)] in the [テスト結果一覧 (Test Results List)].
